# ABOUT US

**GLOBAL ELECTRONICS** is an authorized distributor and reseller of Electronic Components, systems, and equipment and provides electronics design/integration services with headquarters in Pune established in the year 2007. We have regional offices in Bangalore, Hyderabad, and Delhi from which we service the customer all across Indian Sub Continent through our dedicated technical field application and product marketing team.

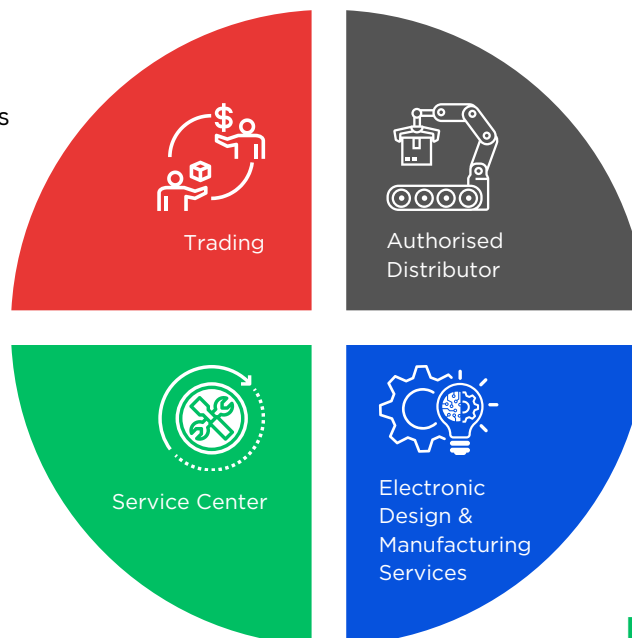

Our focused market segment is Defence, Avionics, Electric vehicles, Industrial, Medical, Railways, and various scientific, R&D, and government institutions. Our vision is to be a world-class value-added supply chain partner for the electronic manufacturing industry.

As an organization, we are passionate about making the latest product solution accessible to our customers as the earliest. We have a dedicated team of Field Application Engineers that helps customers from the concept stage to prototyping, and a dedicated Sales/technical team that supports commercial, logistics, and kiting during mass production.

## BUSINESS MODEL :

### TRADING :

- One Stop Shopping
- Stock Support in IND/SG/USA/EU
- Trading in INR/USD
- Consolidation / Kitting
- Drop Shipment
- Strong in EOL / Obsolete Parts

### AUTHORISED DISTRIBUTOR :

- Authorised Channel Partner for reputable OEM's
- Design and Sample Support
- Training & Installation

### SERVICE CENTER :

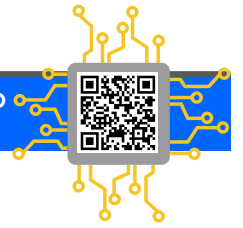

- Design and Development
- (MRO Services) Maintenance, Repair and Overhaul
- Re-Engineering and Product Life Extension

### ELECTRONIC DESIGN & MANUFACTURING SERVICES :

- Phase I : Proof Of Concept
- Phase II : Feedback From Customer
- Phase III : Pilot Production
- Phase IV : After Sales, Warranty And Repairs Service

## POWER
